Designing a Roadmap for National
Curriculum Update and Outcomes Planning

**October 26, 2021
and
November 10, 2021**

8:30 a.m. – 12:30 p.m.

Location: Live Virtual via Zoom

[Registration is required](#) and provided at no cost

Hosted by the Michigan Trauma Coalition and Michigan Medicine

Older Adult Injury Prevention Task Force Summit

Designing a Roadmap for National Curriculum Update and Outcomes Planning

Tasks: 1) Update the national curriculum “Senior Lifestyle and Injury Prevention Program (SLIP)” and its outcome evaluation tools; 2) Ensure updated materials are evidence-based and reflect current best practices; 3) Apply research findings to in-the-field older adult injury prevention initiatives.

Separate registration for each day is required via the following unique links:

- Summit Part #1 on Tuesday, October 26th: [Click here to register](#)
- Summit Part #2 on Wednesday, November 10th: [Click here to register](#)

Please note: The main sessions are open to all attendees! The Roundtable Discussions are for the Task Force with the primary goal of updating the SLIPS materials. Preparation in advance of the event and active participation during the live summit is expected. Additional details will be provided.

Summit Part #1: Tuesday, October 26, 2021

8:30 AM: Welcome and Overview of Older Adult Injury Prevention Task Force Goals

9:00 – 10:00 AM: Advances in Translating Fall Risk Reduction for Older Adults to the Real World
[Dr. Neil Alexander](#) – Ivan Duff Collegiate Professor, Division of Geriatric and Palliative Medicine, Department of Internal Medicine, University of Michigan; Director, VA Ann Arbor Health Care System GRECC
Moderators: Nancy Butty and Karla Klas

10:00 – 10:30 AM: Partner Panel Roundtable Discussions – Moderators Butty and Klas

- Older Adult Falls Prevention and Interventions
- Potential Supplemental Materials for SLIPS

10:30 – 11:00 AM: Break

11:00 AM – 12:00 PM: Emerging Research on Older Adult Driving, Pedestrian, and Road Safety
[Dr. Lisa Molnar](#) – University of Michigan Transportation Research Institute (UMTRI) Associate Research Scientist in Behavioral Sciences Group; Associate Director of the Center for Advancing Transportation Leadership and Safety (ATLAS Center)
Moderators: Vanessa Mier and Michelle Soho

12:00 – 12:30 PM: Partner Panel Roundtable Discussions – Moderators Mier and Soho

- Integrating Emerging Research on Driving, Pedestrian, and Road Safety in Older Adults into Injury Prevention and Interventions
- Potential Supplemental Materials for SLIPS

Next Steps: Part #2 of the virtual Summit is on Wednesday, November 10th. [Click to register.](#)
